

## ● FY2024 Committees

Jurisdiction		Committee		Chair
Science and Research Section	Technical Committee	2022~2023 (Extend on 30 Sep, 2024)	TC221A Technical Committee on Environmental Impact Assessment of Cement and Concrete	Kenji KAWAI
			TC222A Technical Committee on Unified Treatment of Reinforcement Corrosion in Concrete	Satoshi TAKAYA
		2023~2024	TC231A Technical Committee on Practical Utility of Limestone Powder for Concrete	Shigeki SEKO
			TC232A Technical Committee on construction of literature database and AI application in concrete engineering	Shinichiro OKAZAKI
			TC233A Technical Committee on Comparison of Performance Based Seismic Design of Concrete Structures between US and Japan	Hitoshi SHIOHARA
			TC234A Technical Committee on evaluation of corrosion characteristics of steel bar in RC and PC structures focusing on structural performance	Hideki OSHITA
		2024~2025	TC241A Technical Committee on Performance Evaluation of Self-Healing Materials for Concrete and Application in Practice	Keiyu KAWAAI
			TC242A Technical Committee on Advanced Use of Electro-magnetic Waves in the Concrete Sector	Hitoshi HAMASAKI
			TC243A Technical Committee on Inspection Methods for Reinforced Concrete Structures Aiming at Preventive Maintenance	Nobufumi TAKEDA
		2024	TC244A Technical Committee on Tsunami Damage Mitigation Technology for Reinforced Concrete Structures	Toshikazu KABEYASAWA
2024	TC245F Technical Committee for a Feasibility Study on Prediction or Evaluation of Collapse Process for Reinforced Concrete Structures	Kuniyoshi SUGIMOTO		
2024~2026	TC246C Technical Committee on Environmental Safety Quality of Slag Aggregate for Concrete	Hirofumi SAKANAKURA		
Technology Development and Spreading Section	Committee for concrete technology	2024~2025	Drafting Committee on Revision of Guidelines for Control of Cracking of Mass Concrete	Toshiaki MIZOBUCHI
	Standards Committee	2022~2024	Drafting Committee on JIS for Analysis Methods for Carbon Dioxide Captured in Constituent Materials and Concrete	Takafumi NOGUCHI
	Committee on Public Relations	2024~2025	Study Committee for Expanding Women's Participation through Collaboration in the Field of Concrete	Kumiko SUDA
	Committee for Spreading of Technology	2024~2025	Committee on Spreading of Practical Guideline for Investigation, Repair and Strengthening of Cracked Concrete Structures	Toshiro KAMADA
			Committee on Spreading of Computer Software for Simulating Long-Term Performance of Concrete Structure	Daishin HANAOKA
